4.4 Building a Watchlist

After filtering, build an organized watchlist:

1. Watchlist 1 — READY TO TRADE: Stocks are fully analyzed, waiting for entry points
2. Watchlist 2 — ON RADAR: Stocks to watch, not yet eligible
3. Watchlist 3 — EARNINGS WATCH: Upcoming Stocks Earnings, Opportunities IV play
4. Watchlist 4 — SECTOR ROTATION: Stocks from the Improving Industry — set to enter early

Limit each watchlist to a maximum of 15-20 shares for effective management.
